Dear Friends,

Child Abuse Prevention Month has been observed each **April** since its first presidential proclamation in 1983. Since that time, millions of Americans have participated in this vitally important public awareness campaign. People across the nation have planted pinwheels, tied blue ribbons, and changed their Facebook profiles to raise awareness that all children deserve great childhoods, and we all have a role to play in keeping children safe.

This packet was specifically developed to help you plan your **April 2022** events. Feel free to copy, share, and distribute the materials in the packet or use the information to create your own special **Child Abuse Prevention Month** campaign.

The past few years have been hard on us all. Every one of us, including children and parents, have changed our routines, missed out on events, and been under more stress than usual. This year's **Child Abuse Prevention Month** theme, **Growing Better Together**, calls us to action to support each other and focus on the positive environment we all need to survive and thrive.

Thank you for participating in this year's campaign. We hope this resource packet is helpful and we encourage you to go to our website for additional information and links to other resources. Whether you use the tools in this packet in their entirety, in part or simply for inspiration, we at Prevent Child Abuse Illinois are here to help. Please feel free to contact us at any time.

Sincerely,

Denice M'Enffre

FACTS ABOUT CHILD ABUSE

What is Child Abuse and Neglect?

Physical Abuse – an injury to a child that is not an accident, may include: hitting, punching, beating, burning, biting, kicking, cutting, shaking, or any action that physically harms a child.
Emotional Abuse – maltreatment of a child that may involve criticizing, insulting, yelling, swearing, manipulating, rejecting or withholding love.
Sexual Abuse – any sexual activity with a child, including exhibitionism, photographs or videos, pornography, prostitution, fondling, or rape.

Neglect – failure to provide for a child's basic physical, emotional, medical or educational needs.

Who Abuses Children?

Most often the abuser is someone the child knows, such as a parent, relative, neighbor, friend of the family, or trusted adult like a teacher, mentor or coach.

Where Does Child Abuse Happen?

Child abuse can happen wherever children are; where they live, sleep, learn, or play.

How Often Does Child Abuse Occur?

Each year, close to 3 million reports of suspected abuse are filed in the United States. Many more cases never get reported. One victim of child abuse is one too many!

WARNING SIGNS OF ABUSE

Children who are abused may show physical and behavioral signs. You may be a child's only lifeline to safety. Please pay attention to the treatment of children around you. Child abuse is everyone's business. If you suspect a child is being abused or neglected in Illinois, call **1-800-25-ABUSE (1-800-252-2873)**.

Children who have been abused or neglected may be:

- Nervous around adults or afraid of certain adults
- Reluctant to go home
- Very passive and withdrawn—or aggressive and disruptive
- Often tired or complaining of nightmares, or not sleeping well
- Fearful and anxious
- Showing sudden changes in behavior or school performance

Possible signs of physical abuse:

- Unexplained burns, bruises, black eyes or other injuries
- Apparent fear of a parent or caretaker
- Faded bruises or healing injuries
- Injuries that do not match the explanation

Possible signs of neglect:

- Frequently missing school
- Begging for or stealing food of money
- Lacking needed medical or dental care
- Being frequently dirty
- Using alcohol or other drugs
- Saying there is no one at home to take care of him or her

Possible signs of sexual abuse:

- Difficulty walking or sitting, or other
- indications of injury to the genital area
- Sexual knowledge or behavior beyond what is normal for the child's age
- Running away from home

Possible signs of emotional abuse:

- Acting overly mature or immature for the child's age
- Extreme changes in behavior
- Delays in physical or emotional development
- Attempted suicide
- Lack of emotional attachment to the parent

Many of these signs may also be present in children exposed to violence in their homes and communities, like domestic violence and gang violence. These signs don't prove that a child is being abused. But they could be a signal that the child and his or her family may need help.

Also know the signs of an abusive adult. Consider the possibility of abuse if a parent or caretaker:

- · Seems unconcerned about the child's welfare
- Denies problems at school or at home
- Blames the child for causing problems
- Sees the child as worthless or as a burden
- Avoids discussing the child's injuries or gives conflicting explanations for them
- Abuses alcohol and/or other drugs
- Seems isolated from other parents, relatives, or social supports
- Uses harsh physical discipline or asks other caretakers to use it
- Depends on the child for emotional support
- · Seems indifferent to the child
- Seems secretive or tries to isolate the child from other children and adults
- Frequently blames, belittles, or insults the child

These signs don't prove that an adult is abusive. But they could be a signal that the adult may need help.

WHAT TO DO IF YOU SEE CHILD ABUSE IN A PUBLIC PLACE

Start a conversation with the adult to direct attention away from the child.

FOR EXAMPLE:

"She seems to be trying your patience."

"My child sometimes gets upset like that, too."

"Children can really wear you out sometimes. Is there anything I can do to help?"

Divert the child's attention (if misbehaving) by talking to the child.

FOR EXAMPLE:

"That's a great baseball cap. Are you a Cardinals fan?"

"I like your t-shirt. Did you get that on vacation?"

Look for an opportunity to praise the parent or child.

FOR EXAMPLE:

"He has the most beautiful eyes."

"That's a very pretty shirt on your little girl Where did you get it?"

If the child is in danger, offer assistance.

FOR EXAMPLE:

If the child is left unattended in a grocery cart, stand near the child until the parent returns.

If the child is in immediate danger, call the police!

Avoid negative remarks or looks.

Negative reactions are likely to increase the parent's stress or anger, and could make matters worse for the child.

WHAT IT TAKES TO BE A NURTURING PARENT

Begin today by being a positive parent or caretaker and help other family members, friends, and neighbors be positive parents too

Make children a priority. Show and tell your children that you love them everyday. Let your children know you are happy to be with them. Give children the sense of security, belonging and support. Catch your children being good and give them lots of praise.

Really listen to your children

Give children your undivided attention when they are talking.

Be patient and remember that children move at a different pace when they tell a story about their day.

Spend time with your children

Make some special time for each of your children.

Play with them, talk with them, and read with them.

Keep your promises.

Let your children help with household projects.

Tell your children about your own childhood.

Go to the zoo, museums and ball games as a family.

Play outside, play a board game, do an art project or other creative activity.

Set a good example

Use good manners.

Set clear, consistent limits.

Consider how your decisions will affect your children.

Open a savings account for college education.

Resolve conflicts quickly.

Allow yourself a time-out when needed. Taking care of yourself is as important as taking care of your family.

Reach out to other family members, friends and neighbors

Talk to family, friends and neighbors about parenting. Join a parent support group.

Get involved in something where you can socialize with other parents. Seek help if you need it. If you feel out of control or like a bad parent, get help.

HOW YOU CAN PREVENT CHILD ABUSE!

THE 6 PROTECTIVE FACTORS

The Center for the Study of Social Policy spent 2 years investigating protective factors and how to keep kids safe. They reviewed research in the field of child abuse and neglect, prevention, and family resiliency. They also interviewed hundreds of experts, practitioners and parents. Below are the 6 Protective Factors and how you can help build healthy children and strong families. For more information visit: <u>http://friendsnrc.org/protective-factors</u>.

Parental Resilience

- Help parents and caregivers see their strengths and find solutions to their problems by building on those strengths.
- Focus on flexibility and help parents learn how to bounce back from difficult situations.

Social Connections

- Give families a safe place to gather and make friends.
- Host or sponsor child and family events, such as health fairs, reading nights, and block parties. Encourage your place of worship, school, daycare, and work to do the same.

Knowledge of Parenting & Child Development

- Share information with parents and all caregivers on child development and appropriate discipline.
- Start a lending library of books and toys that will help parents understand ages and stages their child is going through.

Concrete Supports in Times of Need

- Link families to needed community services in a positive and respectful manner.
- Offering support to a parent who is under stress through babysitting, making a meal, or maybe just listening.

Social and Emotional Competence of Children

- Teach children to recognize and express their feelings.
- Help children learn how to share, cooperate and take turns.

Parent-Child Relationship

- Provide opportunities for parents and children to spend fun time together.
- Support home visiting programs in your area such as Healthy Families, Early Head Start, and Parents as Teachers which provide families with early bonding experiences.

Prevent Child Abuse Illinois has developed several tools to help parents and caregivers cope with the everyday challenges and joys of raising strong, healthy children. These resources and many others can be found on our website at: www.preventchildabuseillinois.org/20-ways

Pinwheels for PREVENTION[®]

WHAT IS PINWHEELS FOR PREVENTION®?

PINWHEELS are the national symbol for child abuse and neglect prevention. The pinwheel represents our hope that every child will be raised in a healthy, safe and nurturing environment. It is also a call to action, encouraging people everywhere to recognize that children are our future and that we all have a role to play in keeping them safe. All children deserve great childhoods. Your agency or group may want to consider using Pinwheels (either alone or with Blue Ribbons) as a symbol of this positive message.

Bring Pinwheels For Prevention® To Your Community

Pinwheels can be used in lots of ways to create a strong visual, to spark interest by the media, and to get people talking about prevention. Here are some ways to use pinwheels in your community.

Plant a Pinwheel Garden

Plant as many as you can or plant pinwheels to recognize:

- All the children born in your community during the past year.
- All the children served by your organization, program or school.
- Your own children, grandchildren or all the children in your neighborhood.

Consider Planting Pinwheels at childcare centers, schools, nursing homes, hospitals, courthouses, health departments, libraries, and other highly visible locations.

Decorate your home, office, classroom or business with Pinwheels.

Make Your Own Pinwheels as a group or class project using the template found in the Activities For Kids section of this packet. Pinwheel color sheets are also available.

Carry Pinwheels in parades, give them as prizes or sell them as a fundraiser.

Put Pinwheels In Vases or flower pots in public places such as libraries, court houses, hospitals, and banks. A small sign can be placed beside the Pinwheels to tell passersby that we all have a role to play in child abuse prevention.

Pinwheels can be ordered using page 23 of this packet or from our website: www.preventchildabuseillinois.org

Remember to share lots of pictures of your activities with us on Facebook and Instagram! Use #GreatChildhoods #GoBlueIllinois

BLUE RIBBONS AND BOWS

Blue ribbons and blue bows, often used and seen during April, are a traditional symbol of child abuse awareness. They remind us of the seriousness of child abuse and neglect, and the need for its prevention. Many communities across the country conduct Blue Ribbon or Blue Bow campaigns to draw attention to Child Abuse Prevention Month.

The History of the Blue Ribbon

The Blue Ribbon Campaign began in Virginia in 1989 when a grandmother, Bonnie W. Finney, tied a blue ribbon to the antenna of her van "to make people wonder." The story she told to inquisitive community members was a tragic story about the abuse of her grandchildren, which ultimately led to the brutal death of her grandson.

The story of Bonnie Finney demonstrates the effect that just one person can have on raising public awareness of child abuse and in promoting its prevention.

Since Bonnie Finney first tied that blue ribbon to her van antenna in 1989, millions of people across the country have participated in blue ribbon campaigns.

What to do with Blue Ribbons In April

- Start or join a Blue Ribbon committee to plan a campaign in your area.
- Invite everyone to join your campaign including civic groups, schools, childcare
- centers, churches, law enforcement, media, businesses, medical groups, libraries, social service providers, and domestic violence agencies, just to name a few.
- Ask fabric stores, florists, or retail stores to donate the ribbon for your campaign. Royal blue is the color to use. Local dry cleaners might donate some safety pins.
- Ask fire and police departments, cable, phone, and utility companies, school and city buses to display Blue Ribbons on vehicles throughout the month.
- Engage city councils and mayors' offices to get involved in child abuse prevention by making official proclamations.
- Recruit store owners to display Blue Ribbons on doors, windows, light posts, and other visible areas or ask employees, to wear Blue Ribbons during April.
- Involve Girl Scout and Boy Scout troops, church youth groups, school groups or classes as volunteers to cut, pin or distribute Blue Ribbons within the community.
- Distribute ribbons anywhere you can think of. Ribbons can be tied on utility poles or trees on main streets, tied on fences, and placed in other visible areas.
- Wear a Blue Ribbon each day in April and encourage others to wear them as well.

MANY BLUE RIBBON AND BLUE BOW CAMPAIGNS PIN THE RIBBONS AND BOWS ON BOOKMARKS OR RESOURCE CARDS TO HAND OUT WITHIN THEIR COMMUNITY. SAMPLE BOOKMARKS CAN BE FOUND AND DOWNLOADED FROM OUR WEBSITE AT:

SOCIAL MEDIA AND CHILD ABUSE PREVENTION MONTH

Computers, iPads and smart phones are everywhere and at times it seems like social media sites have taken over our lives. But apps like Facebook, Twitter and Instagram are a great way to share messages and reach large groups of people. Below are some tools and tips for how to leverage the massive reach of social media to help have the most succesful Child Abuse Prevention Month awareness campaign possible.

SOCIAL MEDIA TOOLS

To make managing social media during Child Abuse Prevention Month easier, here are a couple of helpful tools. We also post regular images and messages on our social media channels that we encourage all to share on their social media pages thoughout the month of April.

Anatomy of a Facebook Post

When sharing content, try to include a link whenever possible so that your content goes the extra mile.

Keep the message SHORT! Facebook calls these "headlines".

Always include an image in your post, otherwise people will just scroll past.

Respond to your community. Answer questions and leave positive comments

Find these images and messages to accompany them on our Facebook page all throughout April. Follow us to make sure you see them all! <u>facebook.com/preventchildabuseillinois</u>

TWIBBON CAMPAIGN

A Twibbon is a tool that allows people to add badges to their social media profiles, showing support for a particular cause. The best part of Twibbon is that it's temporary and incredibly easy for people to do!

How To Use Twibbon:

- 1. In March, PCA Illinois will send out a link when the campaign begins.
- 2. Click the link to add the badge to your own social media pages.
- 3. Click the "Share this campaign" button on the same page you used to add the badge.
- 4. A message will be sent to all of your friends encouraging them to join.

Share the twibbon early and often! The more people who sign up early, the bigger traction the campaign gets as the month goes on.

For these and many more materials visit our Child Abuse Prevention Month webpage at: <u>www.preventchildabuseillinois.org/cap-month</u>

MEDIA ENGAGEMENT IN CHILD ABUSE PREVENTION MONTH

A KEY PART of making Child Abuse Prevention Month such a success is engaging the media in your events and activities. The media has the unique ability to inform and report the information of Child Abuse Prevention Month to a wide reach of people. As such it is important to take advantage of every media avenue you can to get your message out there, including Letters to the Editor, newsletter articles, media releases and more.

Tips for writing a media release:

- BE BRIEF.
- Include vital information about child abuse prevention (i.e. national trends; local significance; the impact on children, families and/or the community).
- State your planned involvement or activity and the action you hope to generate. (To raise awareness, encourage participation, raise funds, support current programs).
- Include a paragraph describing your organization or committee, its mission, history and contact information.

PARTNERING WITH PCA ILLINOIS

Child Abuse Prevention Month is key for bringing attention to prevention efforts across the state. Because of this we have taken great steps to make participating in April as easy and collaborative as possible. However, child abuse doesn't just happen in April. It happens every day of every month. Below you will find some ways to partner with us during April and throughout the year.

Join the Statewide Planning Committee

One of the best ways to prevent child abuse and neglect is to know as much as you can about the issues. PCA Illinois offers free trainings that cover a wide variety of topics which impact children and families. See our training flier on PAGE 22 of this packet and schedule a training today.

Resilience and Paper Tigers Screenings

The documentary films *Paper Tigers* and *Resilience* take on the challenge of exploring childhood trauma and the lasting imapct on child, family, and community. Screening one or both of these films is a unique way to bring information to your program or community. To learn more contact Jennifer at jsamartano@pcaillinois.org.

The pinwheel, a symbol of child abuse prevention, is still one of the most strikingly visible ways to show your support for creating great childhoods. For more info and ideas on how to use pinwheels see PAGE 13. To order pinwheels see PAGE 23.

Order Literature

As a part of our public information mission we have developed brochures based on a variety of common child abuse topics including: *Shaking a Baby Can Be Deadly, How Well Do You Know Your Lover?*, and *The Effects of Domestic Violence on Children.* The Brochures Are Free.
